

Wisdom & Wonder - Treasure Hunters

Icebreaker:

1. What is the strangest gift you ever received?
2. What is your go-to movie?

Summary:

We are Jesus' treasure—all of us. Jesus has invited us to be fishers of men, but He also invites us to be treasure hunters! Join in His mission and put your efforts not into worldly things, but in finding His treasures and showing them the way to heaven.

Engage the Bible:

Read Matthew 6:19-21 and Luke 12:15-21. Underline key words and phrases that stick out to you in these passages. Where are you holding onto in your life? Are there things you can let go of to make more room for God?

Small Group Questions:

- Do you feel like one of Jesus' most valued treasures? Why or Why not? What has he done to show you how valuable you are?
- Have you ever thought of yourself as eternal before? Does that perspective change how you live your life?
- It's common for us to invest in "long term" things, like a house, a 401k, or other long term investments. How can you invest in eternal investments, things that are truly long term? How can you start or increase that investment now?
- Why do you think Jesus teaches so much about money? Why do you think people get so defensive about that? How do you react to it?
- How hard is it to trust Jesus more and money less?
